

2016 ECMI Statistical Package

“The most comprehensive overview
of Europe’s capital markets”

www.eurocapitalmarkets.org

The 2016 Statistical Package offers the most up-to-date information on the state of European capital markets in the aftermath of the financial crisis. Its contents are divided into six main sections: equity, debt securities, exchange-traded derivatives, over-the-counter derivatives, asset management and global comparative data.

Most valuable features of the ECMI Statistical Package

- The package presents the most relevant data on the dynamics of European and global capital markets (i.e. the US, Japan, China and all other relevant markets).
- It enables users to trace trends so as to highlight the ongoing transformation of capital markets, including the structural changes brought about by competitive forces, innovation and regulation.
- It represents an important step towards overcoming the data fragmentation on the evolution of European capital markets by offering a ‘one-stop-shop’ for market participants, regulators, academics and students.
- Each table is associated to a figure, giving a visual overview of the most important trends.
- A user-friendly navigation is embedded in the program allowing users to explore the comprehensive package in an easy yet purposeful manner.

Coverage

- Data for over 40 stock exchanges
- Data for 40 countries
- Time frame of 25 years of capital markets transactions (1990-2015)
- Data are rendered in over 150 tables and 120 figures.

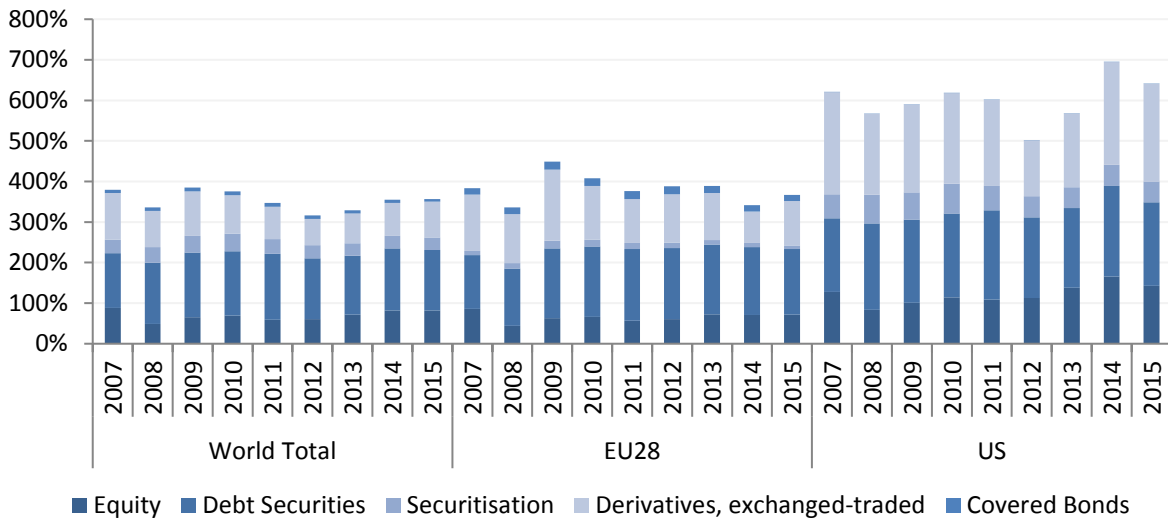

The package is available in Excel [here](#)
(Free of charge for ECMI members)

Non-members may purchase it [here](#)
(Via the CEPS online bookshop)

About ECMI – European Capital Markets Institute

Informing Policy on European Capital Markets

The European Capital Markets Institute (ECMI) is an independent think tank that undertakes and disseminates research on capital markets and contributes to ongoing policy debates in Europe. ECMI acts as a focal point for academics, market participants and policy-makers to exchange ideas on the efficiency, stability, integrity and competitiveness of our capital markets. These discussions are fuelled by the various outputs ECMI produces, such as commentaries, policy briefs, research reports, statistics, seminars and international conferences. From 2006, ECMI is managed by the Centre for European Policy Studies in Brussels, which ranks among the top ten European think tanks.

Joining ECMI

To become an ECMI member and support and participate in our research, please contact ecmi@ceps.eu or visit our webpage www.eurocapitalmarkets.org/becomemember.
